

Year 6 Topic Homework

Dear Parents/ Carers

St Francis will be holding a topic homework fayre on **Friday 19th October** after school. This will be an open event for your children to lead you around the hall to celebrate all the wonderful projects that children have carried out with their parents at home. You can go as small or big as you like, with tasks ranging from fact files/posters to 3D models. Pupils will need your support with this project and the more involved you are, the more they will learn from the experience.

Our current topic is: **Out Of This World. What's out there?**

Here is a list of possible suggestions:

Literacy:

- Write a poem about space.
- Write a description of an alien.
- Create your own mnemonic to help remember the order of the planets in our solar system.

Maths:

- Research the distance between the planets in our solar system.

D.T./Art

- Make an alien from recyclable materials or soft sculpture materials.
- Create an 'Out of this world' picture.

History:

- Research and create a fact file based on an Astronaut or planet.

Science:

- Investigate the Earth's or Moon's phases.

ICT:

- Create a PowerPoint presentation about a famous astronaut.

Geography:

- Locate on a map where the first spaceship launch happened.

Yours sincerely

Mrs K.Bull and Mr B.Loynes
