

Message from Governors

Dear Parents and Carers,

You will have seen the announcement from Mrs Blanden that St Francis continues to be a GOOD School following the OFSTED short section 8 Inspection on 18 September.

Together with 2 colleagues we attended a meeting with the Inspector and the Review meeting at the end of the day. We were delighted with the verbal feedback given by the Inspector and the excellent written report which followed.

The Report reflects all the hard work by staff and pupils and the staff's embracing of innovations to improve outcomes and enrich the curriculum that Governors have seen during our monitoring visits and observations since the previous Inspection in 2015.

There were no surprises in the report and areas for improvement had already been identified and measures to address these are in hand.

Congratulations to all concerned.

Ian Fraser

Chair of Governors
